CHISELLING THE BRILLIANTS

BRILLIANT'S LEGACY HERALDING FUTURE

With a legacy over 38 years since its inception in 1984, Brilliant Study Centre Pala is a great Wizard - The Numero Uno - among the innumerable coaching centres in Kerala was established by Sri. **Sebastian G Mathew, Sri. George Thomas, Sri. Stephen Joseph and Sri. Santhosh Kumar B.**

Brilliant is a success story which started hardly with 50 students and steadily grown and is becoming punchier and today more than 50,000 student's platform for aspiring for admission to various educational institutions.

OUR VISION

Our Vision is to grow beyond leaps and bounds as an institution of par excellence in the arena of entrance coaching and to improvise everything required for boosting and enlightening the endeavour of our students to attain scholastic excellence, and for successfully facing any test with impeccable impunity.

Popularly known as Brilliant Pala is in the fore front for the last so many years for mocking and molding the students to crack Engineering and Medical Entrance Examinations and other competitive exams like major Olympiads including Common University Entrance Test (CUET).

This institute focuses on building strong foundation of subject knowledge and conceptual techniques in each chapter of subjects in students to excel in the competitive and Board level exams and ensure best quality education. The excellent academic curriculum schedule support personal care which Brilliant provides to the students & helps to achieve their goals and objectives. Our highly qualified, experienced dedicated faculties committed to the students need and provide assistive and positive climate to contribute to their social, cultural, academic & all round development.

From foundation to advanced studies at Brilliant Pala there are excellent subject materials and **Brilliant E- Learning App**

meticulously drafted based on students and curriculum need.

To recognize the passionate and talented students' Brilliant offers various **Scholarships Admission Tests (SAT) & Promotion Tests** across the globe to nurture the students to

To accomplish the aforesaid missions and visions, our academic courses always been in synergic with the students need, talent, ability, scholastic aptitude, regularly updated syllabus, innovative strategies & current latest techniques which require for academic success at tertiary level is essential to achieve high AIR in the Engineering and Medical Entrance Examinations.

To our Students, we impart value based career education with abundant resources & individual attention in a pleasant, colorful & stress free academic climate.

To the Parents, we are responsible to create ethical, moral, accountable and respectful career leadership in the children. To the Society, we are bind to provide a lifelong connection to ethics and excellence in Global leaders

The above three achieved through drive processes with creative & open minded approach which makes Brilliant Success Triangle (BST) which experience in enjoyment in student life with infinite learn. Dedicated teachers, hard working students and faithful parents are frequently referred to components in BST. And the fourth element, the society forms Brilliant Success Tetrahedron and any one of these elements

secure cash prize and scholarship up to 100% and get admission in the course of their choice to start their success journey to achieve their targets and ambitions. The new incumbent **Brilliant Science Olympiad (BSO)** for the Classes 8, 9 and 10 has created Spark on the students with fabulous and excellent participation in Stage 1.

OUR MISSION

Our Mission is to perspire for the augmentation of aspiration of even the average student to climb the pinnacle with utmost diligence and maximum dexterity. This institution with the motto "chiselling the brilliants" continue to be the leading provider of entrance coaching programmes of the highest quality to those students who have the potential and motivation to become professionals who will be able to contribute towards professional excellence.

We thank Almighty for having bestowed on us the credit of a proven record of highest ranks in entrance examinations, both at the State and National levels, apart from producing a galaxy of winners.

fails, which causes the collapse of BST and the success will be finally extinguished.

Our world revolves around learners and after 38 years of unparalleled excellence in producing very good results, we are venturing on line facility with infinite learn combining expertise in education with best in class technology.

From the result of academic session 2022-23, our student, Ashik Stenny excelled in JEE Main 2023 first session by scoring 100 percentile NTA Score and he is the Kerala State Topper and also one among the 20 National Toppers. In addition to this five more students from our institute got more than 99.9 NTA Score.

Today, aiming for unbelievable and unachievably success journey continuously raising the bar has habit of Brilliant and part of Brilliant Pala's DNA. Brilliant Pala is committed to provide affordable and excellent quality education to society which makes foundation for Building Human Capital of India.

The Brilliant show never ends and still continues, since for Brilliant "Success is a journey and not a destination."

OUR MOTTO

CHISELLING THE BRILLIANTS

The Successes and performance of our students are inspiring day by day so is their faith and confident in Brilliant. It is this faith which acts as catalyst, this Institute stands before society as a leader and front runner in all entrance coaching platforms. Covering all the streams of higher education, Brilliant has a vast pool of Engineers, Doctors, Scientists, and Technocrats, MBA's, Civil Service & other professional. The organization is trusted for its commitment to always put the interests of the students first with personalized attention in a competitive spirit and stress free both in class room and hostel atmosphere. The course structure of Brilliant Foundation Course mainly focuses on improvement in normal Board studies thereby aiming at very high scoring in Board Level Examinations. Brilliant key to success includes students ability in analytical and reasoning skills to succeed in all Olympiads and Scholarship Examinations such as NTSE, NISER, etc.,

Experienced faculties in Brilliant lay the strong groundwork foundation for both Engineering and Medical Entrance Examinations. The past years performance clearly indicates that success achieved is

only through Brilliant Study Centre NCERT based regular Mock Test series at par with JEE Main and NEET Entrance Examination followed by post evaluation with doubt clearing discussion session.

The institute introduces innovative learning methods to make learning fun, engaging and easier and also concentrates on conceptual and application based learning, thereby debunking old rote-learning methods. Brilliant curriculum indulges in

more than just academic syllabi and offers competitive exposure through national level test series that enables students to assess their potential at all India level and Globe and thereby serve the humanity.

Action is the fundamental key to success - the past impressive performance by the students of Brilliant reveals that the more you Learn from Brilliant, the more you Earn with the concept of "No pain - No gain theory".

TESTIMONIAL OF **THOMAS BIJU**

IIT BOMBAY

**JEE ADVANCED
AIR - 3**

I became a student of Brilliant Study Centre, Pala from my ninth standard and the four years following it were the best days of my life. It made me what I am today. The teachers/faculties were well dedicated, very loving and caring and the friends whom I met were some of the best people ever. Their techniques, material and completely organized structure helped me to move along the right path.

I had always focused on giving my best at whatever I do. I loved Mathematics from my younger classes and hence I decided to go for engineering. The thing I focused upon more was my conceptual clarity which I tried to perfect it by doing lots of problems. I also tried to develop my examination temperament by taking regular Brilliant's mock tests too. Conceptual clarity, especially Physics and Chemistry are best developed from our NCERT textbooks, Brilliant study material and from the reference books recommended by subject experts. A thorough reading and understanding of our textbooks is essential to ace both Board and the Entrance. I used to study at least 4-5 hours each on school days and 12-14 hours on holidays. I focused more upon the amount of portion I cover and the amount of questions I do. I also used to devote some amount of time towards meditation and hearing music which improved my concentration. All I have to say is that with systematic regular hard work and self belief anything is possible with God's grace.

With dedicated support from Brilliant subject experts, I performed well in JEE (Main & Advanced) and KEAM with colourful performance and it could be only from legendary, Brilliant.

TESTIMONIAL OF **NANDITHA P.**

AIIMS DELHI

**KERALA MEDICAL
RANK - 1**

At Brilliant I was able to discipline myself and hence inched toward to achieve my dream goal. Brilliant teaching methodology was excellent based on NCERT text books so that students can easily understand the basic concept in the relevant chapters especially Physics and Chemistry. The part test series and mock tests are at par with NEET entrance examinations so that I performed well in the mock test and also in the final NEET exam without much fear. For biology I mainly focused on both 11th & 12th standard NCERT text books without skipping points and this really helped me a lot.

Competitive examination platform helped me a lot to prepare for the final NEET examination without much stress. Brilliant post mock test series discussion, evaluation and doubt clearing techniques impart self confidence before the final examination. Brilliant's dedicated teachers support and guidance with good academic ambience played a major role for my consistent performance in all the tests. Daily well planned schedule with systematic preparation, analysis followed by revision wherever necessary and consistent hard work leads me to success.

My success mantra for achieving this goal and that is all what makes you lucky on the day of the exam.

Brilliant CAMPUSES

We Have Full Fledged Campuses Having State Of Art Facilities At Pala (Corporate Centre)
Ernakulam , Trivandrum, Thrissur, Kozhikode & Kollam.

Besides, satellite centres are functioning at many parts of KERALA .

NEED OF BSO & OTHER OLYMPIADS

Olympiad Exams or Olympiads are the means for students to compete with other students on a similar educational level. Such exams promote the learning of skills in subjects like mathematics, science, computer technology or the English language among students. An Olympiad helps students analyse their strengths & weaknesses based on their performance in the Nationwide or International level examination. These exams provide an absolute assessment of students' knowledge and motivate them towards academic improvement. The participating students are judged based on their scientific reasoning and logical ability.

Olympiads provide participating candidates with an exposure to the competitive world to hone their learning skills on national or international levels. Such exams play an important role in evaluating students' performance with their peers across the country.

Olympiads are challenging but it is necessary for every child to have a competitive spirit. The exposure that the Olympiads give to the child helps him build his personality, helps him construct his future.

It will always keep aspiring him to work harder, to get better, to try and be the best at what he does. It helps

them to pursue their interests. The Olympiad exams tests the logical reasoning & critical thinking of individual. The new incumbent Brilliant Science Olympiad (BSO) for the Classes 8, 9 and 10 has created Spark on the students with fabulous participation. If students develop such skills from a young age, it helps them to face future challenges confidently. Students would be better prepared for interviews which test their overall skills.

Olympiad exams are extremely useful for all classes from class 1 to class 10. These exams are meant to bring students from different schools and different boards on the same platform.

It promotes learning in the same subjects that are taught in class. It helps to identify their strengths and weaknesses. These exams assess students' subject knowledge.

It also motivates them to improve their academic scores.

Olympiad

WHY IIT'S

Indian Institutes of Technology are globally recognized as premier institutions for engineering education and research.

What makes IITs different from other institutions is that they pull our focus towards how we can apply what we have studied in the real world. The assignments encourage the technique of 'brainstorming' and there is a free sense of interaction between students and professors on the feasibility of projects.

The IITs have a different standard that they maintain. The engineers who pass out from the IITs are held in high esteem by the recruiters and are also offered higher packages. IITs have great world ranking worldwide. They feature in the top 250-500 universities due to their standard

1 GOOD FACULTY

2 EXCELLENT NETWORK

3 MULTIPLE OPPORTUNITIES

4 GAIN RESPECT IN SOCIETY

5 BETTER PAY

and performance.

The facilities and the infrastructure provided by IIT is better than other normal Engineering Colleges.

Detailed list in the website...

The laboratories, gadgets, on-field practical work and books provided by IIT produce a better engineering graduate than other colleges.

IITians have a High risk Appetite and IIT graduates with globally acclaimed degrees

are usually confident in finding high-paying jobs early in their careers. This gives IIT alumni the freedom to take essential risks to entrepreneurship.

IIT graduates have far more employment security than graduates from other

universities. After completing graduation from IITs, research and development is also one of the good career options. You can start your career in this field. In R&D industries, you will work as a research engineer.

IIT JEE Advance the question paper format is also vast with all the sections having intricate questions in them. One of the reasons which can easily prove that IIT JEE is indeed in the category of the toughest test in the number of applications. Every year, Lakhs of students apply for this exam and under 1% reach their destination.

Several lakh students struggle to get into the prestigious engineering institute. But that struggle seems to intensify for those who manage to get in and intense stress is at times, but IITians are leading the GLOBE in various fields like education, technology, research fields etc., - Former director of IIT.

NIT

NIT's were founded to promote regional diversity and multi-cultural understanding in India. Compromising thirty autonomous, they are located in one each major State/ Territory. In 2007, the Indian Government declared these schools as Institute of National Importance. The target is to fulfill the need for quality manpower in the field of engineering, technology and to provide consistent governance, fees structure and rules across the NIT's. NIT's have quality education. The basic difference is quality education, placement etc., NIT is National Institute of Technology is well known after IIT's & IISER's. NIT provides professional and non-technical courses like basic & natural science.

Placements at IIT/NIT are World-class. A student is eligible for multiple placement offers and so the student gets a chance to pick from a list of jobs. Salaries are the highest of the country. The students are eligible for shares of the organization and this given as a joining bonus to them.

IIT's and NIT's are not the same when compared to the level of studies. IIT possess a high-grade infrastructure of courses, scope, and faculties as well as top scoring students versus NIT's. On the other hand, NIT's do have batches with diligent and smart students, in comparison to the level of top private colleges.

AIIMS & AFMC

The All India Institutes of Medical Sciences (AIIMS) is a group of autonomous government public medical universities of higher education under the jurisdiction of Ministry of Health & Family Welfare, Government of India.

All-India Institute of Medical Sciences was established as an institution of national importance by an Act of Parliament with

the objects to develop patterns of teaching in Undergraduate and Post-graduate Medical Education in all its branches so as to demonstrate a high standard of Medical Education in India

AIIMS New Delhi, the forerunner institute, was established in 1956. Since then, 24 more institutes were announced. As of January 2023, twenty institutes are operating and four more are expected to become operational until 2025. Proposals were made for six more AIIMS. It is considered as pioneer health institution of South Asia.

The institute provides ample opportunities to participate in national and international

conferences as well as exchange programmes. Such exposure helps students achieve standards at par with the best in the world. AIIMS students have gone on to become doyens not just in India but in international institutions as well.

Detailed list in the website...

AIIMS colleges in India are the best Medical colleges in India in terms of fees, facilities, and faculties. Overall AIIMS is a very good college. Its infrastructure provides good hostels, and excellent lecture halls. AIIMS is one of the very best & renowned colleges of India. Students will get all the basic facilities like swimming pools, gyms & courts.

The medical science here is highly advanced which is the reason why AIIMS as a hospital witnesses so many patients from different corners of the world.

It is globally renowned and recognized for its technology driven approach. This makes AIIMS the dream college for all the medical

aspirants of the country.

Armed Forces Medical College is a premier medical institute of India acknowledged as a centre of excellence for education and research. The college provides training to under-graduate and post-graduate medical and nursing students with assured career prospects in the defence services.

The institute was set up on 01 May 1948 by the recommendations of the BC Roy Committee by the amalgamation of various defence medical organizations. The "Graduate Wing" of AFMC was established on 04 August 1962 to provide a sustainable and steady intake of medical officers for

the Indian Armed Forces. The institute is presently affiliated to the Maharashtra University of Health Sciences and is recognized by the MCI for conducting undergraduate and various post graduate medical courses.

ONE-TIME REGISTRATION & ADMISSION PROCEDURE

Brilliant Pala has introduced one-time registration facility. Students can register with Brilliant student portal for participating in our programmes using "register now" in student portal. This is a onetime process and can be done even while studying in Class 5 for participation in our programmes starting with Class 6 foundation course. Students can add and update their bio-data and apply to the course when they become eligible. For further details please visit: www.brilliantpala.in

STEP
01

Visit www.brilliantpala.org and select the "Student Portal"

STEP
02

Successfully complete the "one time registration" through student portal Provide a valid mobile number & Active Mail ID

STEP
03

Create student ID and Password. Also upload a Recent Photo Fill personal data

STEP
04

Login with Student ID & Password and go to programme. New courses

STEP
05

Apply for the Respective Course.

STEP
06

Admission will be confirmed based on the criteria & can remit FEE Online

STEP
07

Go to "Fee payment" and make payment using internet banking / debit / credit card / UPI. Direct payment can be made at South Indian Bank counter using the Brilliant Challan Obtained.

STEP
08

Upon making payment you will receive a call from Brilliant.

Brilliant FUELING

INTERACTIVE SMART BOARDS

As a part of making class rooms digital interactive smart boards are installed in every class room. These technically advanced and brand new smart boards having dual OS enables teachers to communicate more effectively with student.

DIGITAL STUDIOS

There are around 20 well equipped studios with most modern cameras for recording online classes and for live classes.

STUDENT COUNSELLING

Services Of Qualified Counsellors Are Available To Students Whenever it is Required.

STAFF MOTIVATION CLASSES

Periodic classes are arranged to motivate the class mentors. Experts in the field are giving such motivation classes.

MEDICAL FACILITY

Well Equipped
Medical Facility With
Qualified Personnel is
Available .

THE SOPHISTS FAMILY CONCLAVE 2023

The Brilliant Professors Family Meet was held at Sunstar Convenson centre Pala on 04-03-2023

GOVERNMENT BATCHES

The Government of Kerala has entrusted Brilliant Study Centre the task of giving Medical / Engineering Entrance Coaching to ST Students and wards of Fishermen.

The entire course fee and hostel fee of these students are directly paid to the Brilliant by the Govt. of Kerala. Besides, the students of Brilliant Study Centre are getting the following scholarship instituted by the Govt. of Kerala.

- a) Samunnathi scholarship for General Category
- b) E-grantz scholarship scheme for OBC students
- c) Scholarship scheme for SC students and under this scheme SC students are getting up to Rs. 55,000/- for entrance coaching.

IMPACT OF SOCIAL MEDIA ON STUDENTS AND ITS IMPORTANCE IN TODAY'S TIME

SPREAD THE KNOWLEDGE

Brilliant owned YouTube is undoubtedly the biggest & most popular channel with 2.1 lakh subscribers who constantly tune in for top-quality informative content especially for JEE & NEET aspirants.

With over 5 crore views and 4000+ videos, the above channel provides exceptional resources for students preparing for these competitive entrance exams. Whether it's timely updates on entrance exams, registration, or other important & relevant information, the NEET, JEE and foundation channel always keeps students with instant updated information.

The live sessions organized by the channel are nothing short of phenomenal, with more than 10,000 parents and students

attending at a single time, making them the largest live events in South India focused on entrance exams. The channel offers a wide variety of programs such as Chat with Shivan Sir, on Entrance News, awareness videos, motivational videos, success stories and college reviews, special programs for various reservations, competitive exams, etc., all designed to help students to excel in the future examinations.

Besides YouTube, Brilliant is also active on Face book, Instagram, Pinterest, and other social media platforms, making it easier for students and parents to access these resources and stay informed about the latest flash news and updates.

TEACHING & LEARNING IS ON GO LIVE

Brilliant Pala provides two apps for every student a) E- Learn App & b) Classes App.

E- Learn App is content resource center with over 6 lakh questions, 5 years of previous year lecture classes, 15+ years of solved previous year question papers, Chapter wise multilevel questions and so on. For every self-motivating student E-learn app itself is enough for clearing entrance examinations.

Brilliant Pala's Classes app is created with an aim to provide the correct content of all chapters in detailed depth of subjects focused on conceptual analysis.

Students will have provision of accessing the teaching and subject materials repeatedly at any point of time from anywhere thereby saving valuable time and cost.

Hence the more you learn from Brilliant, definitely the more you earn with interest and fun by increased convenience and flexibility.

FOUNDATION COURSES

With the competition getting stiffer with each passing day, students need to develop the right skills and aptitude from an early stage in order to gain a competitive edge over others. Getting an effective push at the nascent stage of learning lays the much-needed foundation among students. It gives the right direction in terms of career planning and exposes students to efficacious strategies that would help them to smoothly cruise through their exams.

A foundation course is helpful and the study method and approach will help you in building a good base for IIT JEE / NEET preparation. When you start preparing early for JEE / NEET, like in class 6,7,8, 9 or 10, you will always be ahead of your competition, who are planning to prepare for JEE / NEET and not executing it.

Cracking competitive or entrance examinations requires vigorous coaching at an early stage helps to develop logical, reasoning and analytical skills which require gradual grooming. With the help of foundation courses students from this institute are exposed to quantitative and qualitative questions the provide students with an in depth analysis. The school curriculum and board exam are different from competitive entrance examinations. Our school plus programme focusses more on knowing the concepts and helps students scoring high in Board examinations. Starting early in foundation course helps students to

A STEP FOR AIM

bridge the gap between school exam and entrance exam pattern at an early stage and prepare for both school and competitive exams simultaneously.

Our foundation programme provides enough time to grasp lessons at your own pace, helps to properly understand the logic behind the concepts and their application, clear student's doubts, and solidifies their learning. Which means students basics will be strong right from the start.

The student can command in their areas of interest and slowly raise bar of excellence in the time to come. Starting early in foundation years helps students exposure by preparing themselves for screening test, scholarship examinations such as NTSE and several Olympiads conducted at National and International levels. It fosters an environment that promotes discipline and drives you to work hard and dedicated to achieve their goal. It insists students a complete that is essential to succeed in life.

Success in competitive entrance examinations during foundation courses depends on good time management skill. With the

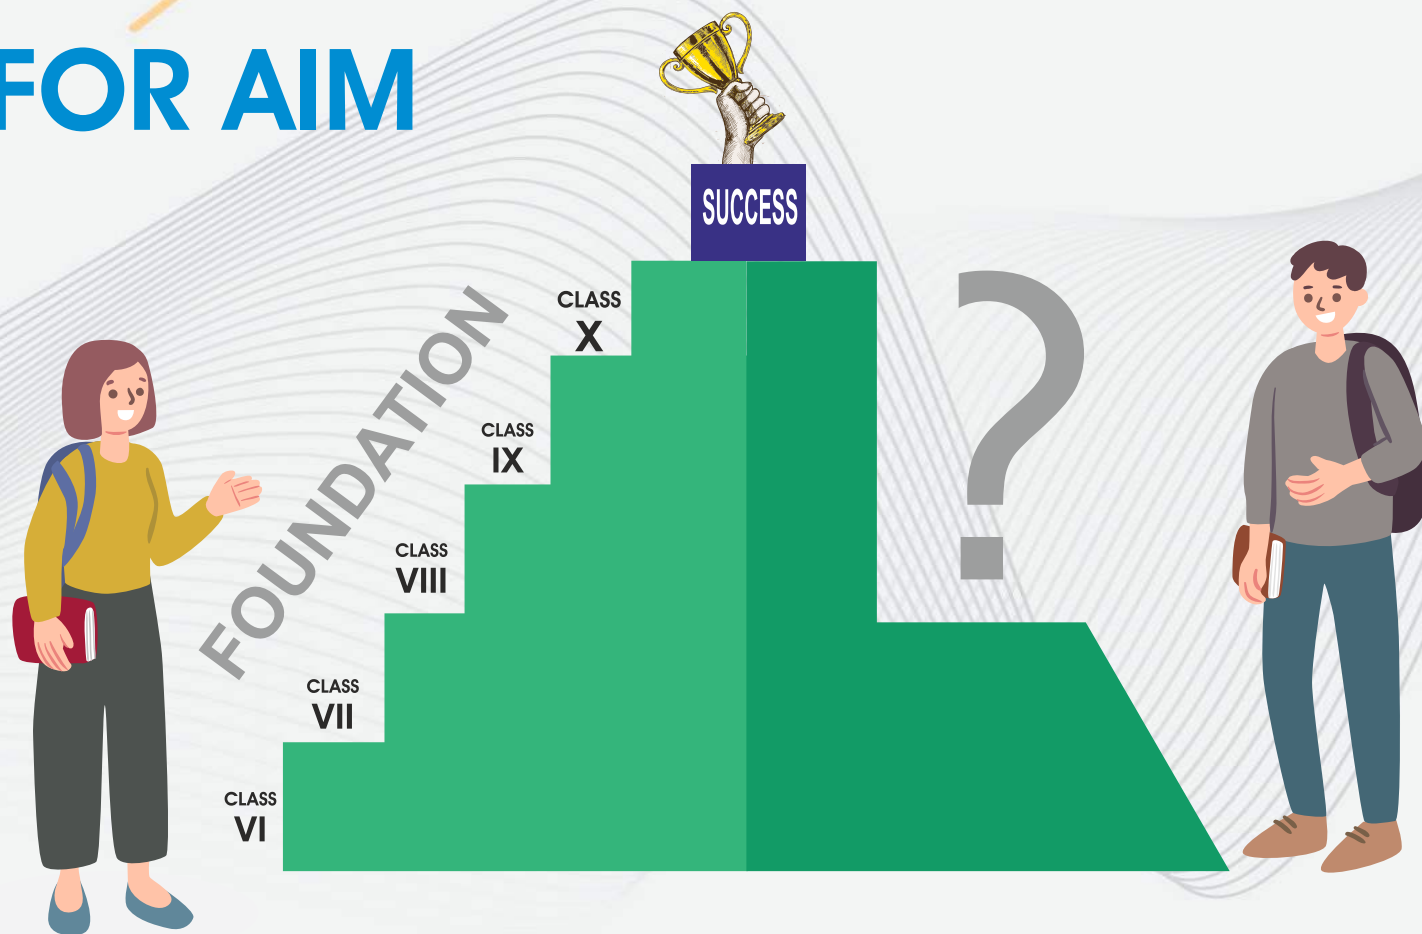

help of regular weekly tests during Brilliant foundation course the students can earn time management skill at an early an age and also helped the students to manage the time between school and competitive exam preparation in an easier and effective way.

Brilliant on line foundation course are best utilised by NRI students and the students are enjoying with inspiration by course materials and effective teaching. No learning is effective unless it prepares the students to overcome challenges from an early stage by gradually developing their skills, temperament and immense confidence. The students will be exposed to critical thinking

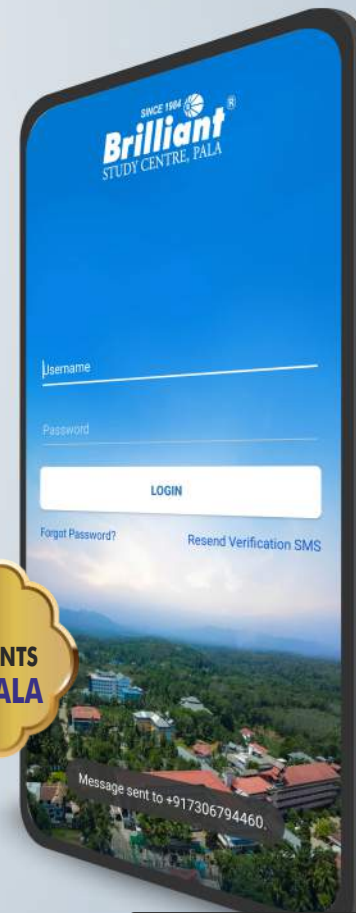

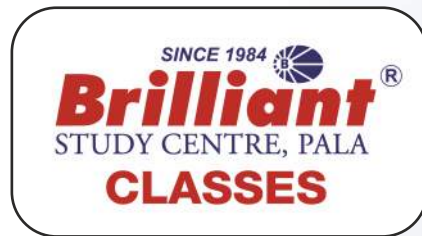

questions that will for future competitive exams. Moreover the student will learn to strive ahead under academic pressure at an early stage.

"An early Bird catches the Worm", i.e., one step ahead of others and hence no doubt it is recommended for students preparing for JEE /NEET/CUET to enroll early in these foundation courses.

It not only improves their thinking ability but also provides them with competitive exposure. Besides, it also prepares you for the scholarship exams under the supervision of expert guidance

HELP THOSE IN NEED

WE CAN'T HELP EVERY ONE,
BUT BRILLIANT PALA CAN HELP
SOMEONE

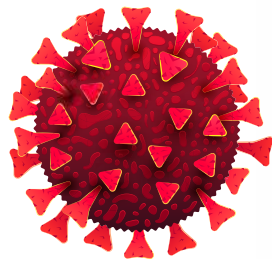

BRILLIANT STUDENT **MAITRI** (BSM)

Brilliant Study Centre, Pala is happy to introduce **Brilliant Student Maitri (BSM)** scheme to help those in need. This scheme is envisaged to protect /promote economically down ridden minimum 3000 talented students and hands-off them to the main stream to perform without fear of their financial position during their course of study.

Our plan as part of our BSM is that we could give scholarship and cost free quality education to the economically weaker bright students in the current academic calendar and ensure that financially weaker students got free admission in to the Brilliant Study Centre Pala. Brilliant Pala usually provided tuition fees concession, free hostel food & accommodation, medical facilities for the students from backward communities of deserving and eligible categories.

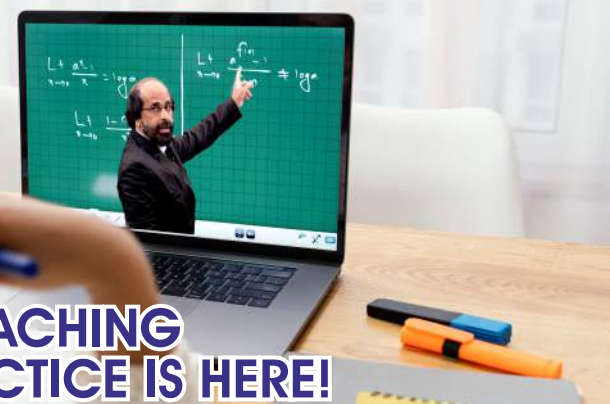

BSM is no longer a nice to have: it's a Student Need-to-Have.

COVID-19

DON'T LET OUR
CHILDREN DOWN!

**BRILLIANT
INNOVATIVE TEACHING
LEARNING PRACTICE IS HERE!**

Covid-19 has impacted immensely the education section sector of India. Though it has created many challenges, various opportunities are also evolved. Digitization in Brilliant refers to the use of computers, the internet, mobile services software applications, E-Learning App and other digital technology including provision of augmented reality and animation videos to teach the students of all ages.

Brilliant Pala explored the possibility of Open and Distance E learning by adopting different digital technologies to cope up with the crisis of COVID-19. Our Institute has now fully equipped to make education reach all corners of our Nation and Overseas via digital on line platforms.

Brilliant E- Learning APP is complete one in all dimensions, and it is the product of Team Brilliant from its 36 years of entrance coaching sphere. It is a helping hands for the hard working focused students who aspire to become Engineers, Medical professionals, technocrats. Though the APP renowned professors stimulate classroom activities based on profound classes and get a platform to satisfy all your requirements. Cluster of NEET/ JEE (Main & Advanced) model exams, evaluation and analysis of difficulty level questions etc., are available in the Brilliant APP. Brilliant E – learning APP is absolutely free for our students.

Brilliant has taken student friendly on line

learning teaching & learning programmes during Covid era by introducing new on line study method, both recorded and live classes by expert subject experts.

These programmes were successfully utilised and enjoyed by our students thereby excel in the competitive examinations. Brilliant, only the first entrance institute in India who immediately switched over to student / parent friendly on line coaching method immediately during Covid spread. This study method includes regular on line meeting with parents and students regarding the progress and performance and their feedback also taken into account for further need for improvement followed by implementation.

Students will have the comfort of accessing the subject materials at any point of time. Students have the flexibility of repeated accessing the content from any place from any device including on line doubt clearing and post exam analysis and discussion. Students will not have to attend cramped classrooms, they can sit comfortably and learn through online classes thereby saving time and money. Brilliant Digital learning has made learning interesting and more fun with increased convenience and flexibility.

Brilliant on line study innovative teaching learning practice turns class room into Home Advantage

PLAN THE FUTURE STUDY IS AMAZING

Brilliant[®]
STUDY CENTRE, PALA

Covid-19 has impacted immensely the education section sector of India. Though it has created many challenges, various opportunities are also evolved. Brilliant Pala explored the possibility of Open and Distance E learning by adopting different digital technologies to cope up with the crisis of COVID-19.

Our Institute has now fully equipped to make education reach all corners of our Nation and Overseas via digital on line platforms. Brilliant has taken student friendly on line teaching and learning programmes during Covid era by introducing new method, both recorded and go live classes by subject experts. These programmes were successfully utilized and enjoyed no of times at any point by our students thereby regularly excel in the entrance and competitive examinations. Students will have the comfort of accessing the subject teaching and learning materials at anywhere at point of time thus by saving time and money.

Today Brilliant has entered in new era by focussing the students into competitive fields like Science Olympiad for foundation students, creation of special batches for cream

**SUCCESS IS A JOURNEY
NOT A DESTINATION**

and elite students for focussing them for concept & application of concept curriculum study.

Today, Our plan is to develop Brilliant Education Hub for our students including Overseas to achieve their goal in stress free excellent campus academic atmosphere by implementing new innovative technologies like tech-averse to tech friendly, class room into hybrid, new learning APP, standalone to integrated and long term with view to achieve

student's AIM (Ambition In Mind) - Shift to student expectations.

Expansion of infrastructure and facilities on need basis: Shift to Parent expectations.

Like late Dr. Abdul Kalam said that Teachers should radiates knowledge and purity of life. Likewise Brilliant radiates knowledge of techniques for entrance coaching by creating Competitive Vibe On.
